

PRESS RELEASE

## **SYS-DAT GROUP PARTICIPATES IN INTERMONTE AND ALKEMIA CAPITAL EVENT ON AI**

*Milan, 4 June 2026* - SYS-DAT S.p.A. (**SYS.MI**), a company listed on the STAR segment of Euronext Milan ("**SYS-DAT**" or the "**Company**"), a leading Italian ICT company that develops and provides innovative software solutions for key industrial sectors and the services market, announces its participation today, Thursday 4th June 2026, in the event "Rivoluzione AI: chi vince e chi perde. L'AI che trasforma l'impresa: dal software alle infrastrutture, dove si crea nuovo valore". (The AI Revolution: Winners and Losers. How AI is Transforming Business: From Software to Infrastructure, Where New Value is Created.)

This prestigious event, organized by Intermonte and Alkemia Capital and hosted at the Hotel Principe di Savoia in Milan, serves as a key platform for dialogue between institutional investors and listed Italian companies that have successfully integrated and innovated their business models through Artificial Intelligence.

One year after the launch of ArIA—SYS-DAT's proprietary suite of AI solutions designed to boost organizational efficiency and productivity—the company leverages this event to demonstrate the tangible success of its strategy: deeply embedding Artificial Intelligence into both its core operations and the solutions delivered to its clients.

SYS-DAT is represented by CEO Matteo Neuronì, who spoke on the opening panel from 10:30 to 11:30 AM, titled "*AI applicata: da promessa tecnologica a valore industriale misurabile*" (Applied AI: From Technological Promise to Measurable Industrial Value), moderated by Andrea Cabrini, Director of Class CNBC.

Following the panel discussions, a series of dedicated, one-on-one meetings will take place, allowing interested institutional investors to engage directly with individual companies.
